Krehbiel Family

*Welcome to the Ranch*

They say there's a first time for everything, and for us, that day is March 3rd.

I've been out in these pastures since I could walk, and it's a privilege to now lead our program into its next chapter. We've raised this herd from the ground up, and I know the history behind every cow in the pedigree. I'm taking the "cow sense" I learned from my dad, Rick, and backing it up with the degrees I've earned in genetics and beef management systems. For me, that education is simply a tool to take the guesswork out of breeding and ensure these cattle go to work for your bottom line.

Bringing the sale home to St. John is a major milestone for Cornwell Cattle Company. We want you to see our 30 Registered Angus Bulls in their natural environment—they are athletic, big-footed, and built to cover your pastures. We're also offering a select group of replacement heifers.

We're proud to share this next chapter with you. See you at the ranch!
